

SNOW DAY CHOICE BOARD

Complete 3 activities of your choice for today's snow day. Turn your assignments in when you return to school.

Read and Tell Me About It

Read a book at your house for 15 minutes. When done, write a summary of what you read, making sure to mention the main idea and supporting details.

YOU BE THE TEACHER!

Come up with and write out 5 word problems. You must write an equation for the unknown and solve the problem. Be sure to show your work!

THIS & THAT ART

Search your house for recyclables - toilet paper rolls, clean, empty cans, plastic bottles, etc. Use at least 5 different materials to create a work of art. Have someone take a photo of it and send it to the teacher on CLASS DOJO.

WRITING

Build a snowman. Write a paragraph telling step by step how to build one. Remember to capitalize the first letter of each sentence and to use punctuation.

DO IT YOURSELF SCIENCE

Complete a Do It Yourself, simple and safe science experiment at home and record your results to share with the class. Ex: Which liquid freezes fastest? (syrup, water, soda etc), Which container does the snow melt in the fastest? (plastic, metal, etc)

iReady

You can choose whether to do iReady Math or Reading (my path) for 15 minutes.

Make a Timeline

Create a timeline of your day. Begin with the time you wake up. Some things you can add are when you eat breakfast, watched tv, lunch, played a game, etc)

Build a Blanket Fort

Use blankets, towels, sheets, etc. to build a fort in your house. Read a book inside of it. Have someone take a picture and send it to your teacher over DOJO.

Get your Heart Pumping!

Go for a walk, exercise, or do dance videos for 20 minutes.
